

FLOWERCARD
Delivering a Smile

We hope you enjoyed receiving your Flowercard and it was a nice surprise from a friend or loved one. We have just 3 important pieces of information to make sure the Flowercard lasts as long as possible:

- Please feel free to water the flowers by using the enclosed pipette. If watered, the flowers should last up to 1 week and maybe longer.
- When some of the flowers do wilt, don't pull them out but just cut off the wilting flowers with scissors.
- We recommend that you put a mat under the card if it is on a sideboard or mantelpiece as the water from the flowers may leak out of the sponge oasis.

If there is anything else you need you can email us from our website at www.flowercard.co.uk or call us on 0845 458 3555.
